NATIONAL FLAG CONTROVERSY

Non-Confidence Vote May Split Liberals

OTTAWA (CP) — Liberal Wilfrid LaCroix today moved a motion of non-confidence in the government for not indicating its intention to consider a national flag for Canada.

The member for Quebec-Montmorency, seconded by Raoul Poulin, Ind-Bequa said in his motion the government "should consider at once steps to give to this country a truly Canadian flag."

The motion may split Liberal ranks. Opposition Leader St. Laurent said at the start of the throne speech debate that his party would neither move a non-confidence motion nor support one by another party because he felt the new government should be given a chance to place its legislative program before the Commons.

VOTE TODAY

A vote on the motion of non-confidence will be taken at 5:30 p.m. EST today, at the end of the 10-day throne speech debate.

Mr. LaCroix had fought for and won the floor at adjournment last night from fellow-Liberal Paul Martin, former health minister, so that he could make the motion.

Mr. LaCroix in his 20-minute speech charged the Progressive Conservative administration with not giving French Quebec adequate representation in the cabinet.

Of three Quebec ministers, two were French-speaking and had been assigned "to the least important portfolios."

No Pulp Strike Talks Scheduled

VANCOUVER (CP) — The strike of 6,000 British Columbia pulp and paper workers moves into its second day today with no indication of a settlement.

No talks have been scheduled and the province, already facing growing unemployment, seemed headed for a lengthy strike in an industry that pours more than \$1,000,000 a week in direct payrolls into B.C.'s economy.

Industrial Development Body Formed

Establishment of a Research and Industrial Development Committee for assessing Penticton's advantages and encouraging secondary industry to become established here was announced last night by George Lang, president of the Board of Trade.

Mr. Lang emphasized that Penticton's economy presently is based only on the fruit and tourist industries, both of which are seasonal. Other industries would ensure there is a 12-month payroll in the community.

Heading the committee is Cecil Sharpe, newly appointed to the board executive succeeding A. D. C. Washington who found it necessary to resign due to pressure of personal business. Other committee members are F. D. Rees, Jack N. MacArthur, H. Laub, F. Higgins and Ald. A. C. Kendrick.

Mr. Lang asked the monthly meeting of the board for any suggestions on industries that might be encouraged to locate here. J. W. Johnson suggested that a brick yard, located here in former years, might be re-established since there seems to be lots of brick clay available in the area.

Fears were expressed that smoke and smells from new industries might discourage tourists but others pointed out that the secondary industries hoped for would not produce such nuisances. Also the industrial sites available are located so that industries there would not interfere with the tourist trade.

Bennett Denies Gov't In Financial Trouble

Dismisses Report Of Revenue Decline

VICTORIA (CP) — Premier Bennett has dismissed as "newspaper ballyhoo" persistent reports that the provincial government is in serious financial difficulties as a result of declining revenues.

"There's no truth to it," he declared.

The Colonist says reports nevertheless continued to circulate freely and among the latest were these:

1. About \$6,500,000 in government cheques are being held back by the treasury department.

2. Contractors are seething because they have not been paid for government work they have now completed.

3. Both the highways and the public works departments have over-expended their estimates with more than four months of the current fiscal year still to go.

4. Payments of more than \$1,000 may not be sent out unless the deputy minister first gives clearance.

The Colonist said it is reported that officials who are alarmed at the situation expect it to get worse during the coming months.

Premier Bennett, who doubles as minister of finance, will not discuss financial matters in view of the coming legislative session early in the new year. He has said, however, that all estimates for government expenditure will be paid but is a little vague as to where the money will come from.

TAX RETURNS DOWN

Forestry revenues alone are reportedly down by as much as 30 to 35 percent and it is stated that sales tax returns, estimated to bring in close to \$90,000,000 this year, have also dropped considerably.

Sources say that a number of contractors were hollering "Why can't we be paid?" and although

some vouchers were ready at the end of September officials have had orders not to send them out. It was also stated that about 15 public works department employees had been laid off because of the money shortage problem.

Works Minister W. N. Chant confirmed that a number of men had been let go recently but said these were casual workers such as repairmen and painters.

This would be in line with the government's announced policy to cut civil service staffs by five percent.

The Colonist said it is known that the government, looking forward to the day when the full extent of the financial difficulties must be bared, is carefully laying the groundwork so the entire blame can be attributed to the federal government's tight money policies.

HITS TIGHT MONEY

The newspaper said this explains Premier Bennett's frequent blasts attacking tight money restrictions—an attack which in recent times has been taken up by other provincial sources.

SESSION OPENING

Next session of the B.C. Legislature will open Thursday, Jan. 23 at 3 p.m., Premier Bennett announced today. The premier added that when the budget is brought down many people will "eat crow" over their statements that the government is in financial difficulties.

Engineer To Head Mission

UNITED NATIONS, N.Y. (AP) — The U.S. engineer who directed the United Nations clearance of the war-torn Suez canal today was appointed chief of a UN mission to help plan a huge power development project in southeast Asia.

He is Lt. Gen. Raymond A. Wheeler, 72, former chief of the U.S. Army Engineers. Wheeler resigned from the army in 1949 and became engineering consultant for the World Bank in Washington, a post he still holds.

France Storms Out Of NATO Session

PARIS (CP) — France stormed out of a NATO conference here today after charging that the United States and Britain had "betrayed" the Atlantic Alliance in shipping arms to Tunisia.

Shortly after, a group of U.S. Democratic congressmen attending the meeting of NATO legislators here joined France in denouncing the arms shipments.

The group, headed by Representative Wayne Hays of Ohio, said in a statement the arms deliveries "constituted a danger to the unity of the North Atlantic treaty alliance."

The congressmen's statement said "Whatever possible gain might be accomplished by the de-

livery of these arms is more than offset by the loss of confidence and by the fear and suspicion which it has created in the minds of members of NATO."

Original signatories were Representatives J. C. Healey of New York, Armistead J. Seldon, Jr., of Alabama, Eugene McCarthy of Minnesota, and Hays. Later, Senator Theodore F. Green of Rhode Island signed it. There are 15 members of the U.S. delegation. Before the French delegation walked out of the conference, Senator Michel Dore protested against the "ruthless and unjustified" Anglo-American decision, announced last night, to send small arms and ammunition to Tunisia.

NEVER KNEW THAT BEFORE! DID YOU?

Young Canada Book Week begins today throughout Canada but it hardly makes any difference to these two ardent readers who have been exploring the wonders of all the books in the children's section of the Penticton public library for over a year. The two are Jack Arnold, 9, and Clive Amos, 10. Young Canada Book Week focuses nation-wide attention on good reading material for younger people.

Inflation Threat Halted — Fleming

OTTAWA (CP) — Finance Minister Fleming said last night that "the threat of inflation in Canada now has been checked."

In a Commons speech in which he hit repeatedly at the former Liberal government, he listed several factors which he said

prove his contention. Mr. Fleming said he is "still not satisfied" with these developments, but he gave no hint of possible further government moves.

The Bank of Canada interest rate had dropped four-tenths of a point in two months, falling below four percent for the first time since last spring.

The rise in the consumer price index, which had continued for years under the Liberals, had been "checked," rising only one-tenth of a point in September.

The strength of the market for

government bonds was "phenomenal" and a "significant development" was a drop Thursday to three percent from three and a half in the New York Federal Reserve Bank's discount rate.

In Washington the federal reserve board gave the levelling-off economy of the United States an unexpected shot in the arm today by cutting its discount rates in four sections of the country.

The immediate effect is to make it easier for banks to obtain money for lending to businesses and the general public. And it appeared to herald an easing of tight money policies that have accompanied a two-year business boom.

A spokesman for the federal reserve board said the action was "recognition that inflation, at least temporarily, has ceased to be the dominant factor on the economy."

THEATRE ROBBED

RCMP reported shortly before noon today that the Pen Mar Theatre on Marlin Street was broken into after it closed for business last night.

Owner Fred Stefflin reported over \$200 stolen. Entrance was gained by forcing the back door of the theatre.

City Man Fined on Impaired Charge

M. J. McDonald of Penticton appearing before Magistrate H. J. Jennings in police court this morning was fined \$100 and \$4.50 costs when convicted on a charge of impaired driving.

Leonard George of the Indian Reserve was fined \$20 and \$4.50 costs when he appeared on a drunk charge.

HONOLULU — (AP) — With 17 broken bodies recovered, the U.S. Navy pressed a relentless search today for clues to why a Pan American stratoscouter with 44 persons aboard vanished into the Pacific last Friday.

Spy Sentenced to 30 Years in Prison

NEW YORK (AP) — Russian Colonel Rudolf I. Abel, convicted Soviet spy, was sentenced today to 30 years in prison and an \$8,000 fine. He could have received the death penalty.

The 55-year-old Abel was sentenced by Judge Mortimer W. Byers in Brooklyn.

He displayed the same outward calm shown during the days after his indictment and during his trial. He said nothing, and after the sentencing was led away handcuffed to two officers.

In a statement to the court the prosecutor, Assistant U.S. Attorney-General William Tompkins, did not press for the death penalty.

Instead, he urged Judge Byers to impose "a substantial and very strong sentence in this case."

Abel's court-appointed lawyer, James Donovan, pleaded that his client be spared death, contending the prosecution had failed to be specific in where Abel actually transmitted U.S. military secrets to Russia.

Boost In Pay For City Mayor, Aldermen Pending

A pay boost for Penticton's mayor and aldermen will probably be forthcoming before the end of the year, the Board of Trade was advised last night.

The board last month passed a resolution urging that the aldermen's indemnity be raised from the present \$750 to \$1,200 per year and that the mayor's pay be boosted from the present \$2,000 to \$3,600 per year.

Last night board members asked why no action had been taken by city council on this resolution. Ald. J. G. Harris and Ald. H. M. Godden replied that the matter was still before the administration committee and would be finalized before the end of the year.

Lending weight to the board resolution was a report that the Junior Chamber of Commerce of region one (B.C. and Yukon), had approved a similar resolution and that the UBCM had supported it three years ago.

"While it may be an honor to be an alderman or mayor, there shouldn't be any personal loss in the offices if we are to have the best men available in these posts," George Lang, president, emphasized.

RUNNING AGAIN

Ald. Stuart R. Hawkins announced today that he would seek re-election in Penticton's civic elections next month. Ald. Hawkins was elected by acclamation last April to serve the unexpired term of Ald. E. A. Fitchmarsh. Manager of the Three Gables Hotel in Penticton, Mr. Hawkins also served on council prior to his present stint.

Gov't Offers Special Export Credit Plan

OTTAWA (CP) — The government plans to offer more wheat and other items for export on special credit terms and to double to \$200,000,000 the maximum liability which the Export Credits Insurance Corporation may have outstanding for this purpose.

The government gave customary notice on the Commons order paper today of its proposal to amend legislation to increase the insured ceiling under section 21 of the act.

This section provides that the cabinet can order the crown-owned corporation to insure certain deals in the "national interest" though the corporation might otherwise find the deals rather risky. Any loss under this order is absorbed by the federal treasury.

This section has been used in the past for the sale of wheat to Poland, Czechoslovakia, Yugoslavia, Israel and Brazil on special credit terms and under

Canadian government repayment guarantees. It also has been used for the sale on credit of Sabre Jets to West Germany.

Corporation officials said they have insured exports of some \$207,000,000 — mostly wheat — under these special credit deals in the last nine years. So far no losses have occurred, but the amount of outstanding export insurance granted for this purpose now has reached \$98,000,000, virtually at the ceiling. Unless the ceiling is raised, no new contracts can be negotiated until the old deals are repaid.

Car Hit 105 MPH Says Witness at Trial in Vernon

HERALD VERNON BUREAU VERNON — Crown witness Miss Mary Kruger identified Stewart McLeod as the driver of the car that carried Lorne Swicker to his death on May 24 when she gave evidence on the second day of the fall assizes before Mr. Justice J. G. Rutlan.

A passenger in the car when it went out of control, crashed through a wire fence and struck a tree, Miss Kruger said when she last looked at the speedometer they were travelling at 105 miles an hour.

Charged with criminal negligence McLeod is pleading not guilty.

Earlier in the trial Harold Lloyd Brownfield stated that McLeod was driving the car at the time of accident.

Swicker lived for a short while after the accident but was pronounced dead when examined by Dr. Gordon McLaren at Kelowna hospital.

ELKS INSTAL NEW SLATE OF OFFICERS

Penticton Elks Lodge No. 51 held installation ceremonies last night in the Canadian Legion hall with a new executive being ceremoniously installed into office. The new officers are, left to right, seated, Len Hayward, Lecturing Knight; W. Bryant, Leading Knight; Harry Hines, Exalted Ruler; O. A. Bless, Past Exalted Ruler; Roy Emland, Inner Guard; standing, Frank Taylor, His-

torian; Bob Nevens, Trustee; E. G. Webb, Tyler; Joe Kloster, Chaplain; Fred Paul, Organist; Ray Walters, Keremeos, installing officer and District Deputy Grand Exalted Ruler; Les Clark, Secretary; S. Norgren, Esquire; Jack Lawrence, Trustee; M. Schrader, Treasurer.

GOV'T OFFICIALS PREDICT

Record Tourist Year

By JACK VAN DUSEN Canadian Press Staff Writer

OTTAWA (CP) — It's too early for accurate figures but both federal and provincial officials are predicting 1957 will be a record year for the Canadian tourist industry.

Alan Field, director of the Canadian government travel bureau, which spent more than \$1,000,000 this year advertising Canada in the United States, says that preliminary figures show traffic into Canada is nine percent higher than in 1956.

"This is going to be a record year and the greatest year in the history of the travel bureau," he said.

A Canadian Press survey shows

that most of the 10 provinces agree.

VISITORS SPEND MORE

The bureau of statistics report that tourists to Canada in 1956 totalled 27,700,000. The visitors spent \$337,000,000, \$8,000,000 more than in the previous year.

But Canadians, who made 27,200,000 visits to other countries, spent nearly \$500,000,000, giving Canada a travel deficit of about \$160,000,000.

Indications are that the deficit will be narrowed this year, influx of U.S. tourists, who spent \$309,000,000 in Canada in 1956, is expected to be as good if not better than last year. Travel by Canadians in Canada is reported on the increase.

To the end of September, the federal travel bureau handled 575,700 requests for information from persons wanting to visit Canada, 121,524 more than in 1956. Most of the inquiries came from Americans.

Officials of Canada's national parks and historical parks and sites report 3,212,065 visitors between April 1 and Aug. 31, compared with 2,929,100 in 1956.

The only fly in the ointment was the Canadian dollar's premium over the U.S. dollar. Many U.S. tourists complained of being charged too much when they cashed American money, but officials predicted this would have little effect on the over-all picture.

BRITAIN MAKES UNIQUE PLANE

An in-flight view of Britain's Rotodyne, described as the world's first airliner capable of vertical take-offs. The plane made its first flight this week. It carries 48 passengers and takes off vertically as a helicopter but once airborne flies horizontally, as a normal fixed-winged airliner, at a speed of almost 200 miles an hour. In flight the plane gets its lift from stubby wings as well as the rotor. The Rotodyne will be ready for service in 1960.

Ike Invited to B.C. Centennial

VANCOUVER (CP) — President Eisenhower has been invited to take part in British Columbia's centennial celebrations next year. R. A. Pennington, deputy provincial secretary, told the province's centennial committee yesterday: "In our invitation to the president to come to B.C. at any time of the year, we dropped a broad hint that he might come in time to open the Pacific National Exhibition."

The annual exhibition is usually held in Vancouver at the end of August or the beginning of September.

It has already been announced that Princess Margaret is likely to visit B.C. during its 100th anniversary celebrations and invitations have also gone out to President Rafael Cortines of Mexico, Commonwealth premiers, provincial premiers and the governors of several U.S. States.

It was not known when an answer would be received from Mr. Eisenhower.

Lieut. Governor Frank Ross announced that he would take up official residence in Kelowna during the period of the centennial regatta.

"We have found accommodation and government house staff and

all that goes with government house will be moved there," he told the committee. "It will give many people in the interior an opportunity of seeing government house in action."

Committee Chairman L. J. Wallace said permanent commemorative projects will cost a total of \$1,237,000 in government grants.

Man Drowns In Dam Tunnel

CAMPBELL RIVER (CP) — A carpenter employed by Dawson, Wade Company on the Upper Campbell Lake dam project was drowned yesterday afternoon in a tunnel used to divert water from the Upper Campbell to Lower Campbell Lake.

Albert Arnason, 41, of nearby Willow Point was one of a crew building a scaffolding for drillers in the tunnel. He and three other men were leaving the tunnel by boat when it overturned.

Three men were able to reach the boat and hang on. They reported Arnason missing. A search located the body but efforts at artificial respiration were in vain.

PROVINCIAL ROUNDUP

50 MACHINES SEIZED

VANCOUVER (CP) — Detectives have seized 50 slot machines in a raid on a North Vancouver home. The seizure followed a weekend raid on a Vancouver Club in which police said they found 13 of the machines. No charges have been laid.

UNDERWATER FISHING DERBY

VANCOUVER (CP) — The B.C. Council of Divers will stage the province's first underwater fishing derby at Whytecliff Sunday. Twenty divers will compete in the six-hour contest.

TRADE FAIR MANAGER

VANCOUVER (CP) — Bruce W. Barnett, head of a Toronto publications firm, has been appointed manager of the B.C. International Trade Fair. The fair, part of the province's centennial program, is scheduled for Vancouver next May 1-10.

ACQUITTED BY JURY

QUESNEL (CP) — Victor Montgomery 37, was acquitted yesterday on a charge of manslaughter. The Assize Court jury deliberated 4½ hours. Montgomery was charged following the finding of the body of Eddie Thomas, 51, on a little-used path two miles from Lytton Dec. 18, 1956. Thomas had last been seen Nov. 24 when he left a drinking party at a private house near Lytton.

PROMISES SUPPORT

BURNABY (CP) — Agriculture Minister Stacey promised full support of co-operative groups in B.C. marketing produce yesterday. "Marketing boards are the most successful and appropriate way for potato growers or any other organization in the food production business to successfully market their products," he

told the first B.C. potato conference.

COUNSEL GETS REPORT

VICTORIA (CP) — An RCMP report on charges against former forests minister Robert Somers has been turned over to Stanley Remnant, counsel for the Royal Commission investigating charges that the former minister accepted bribes. The report has been under guard in Mr. Remnant's office for two days.

June Election Cost Treasury Over 6 Million

OTTAWA (CP) — The June 10 general election cost the federal treasury a record \$6,991,882, State Secretary Ellen Fairclough reported in a tabled Commons reply.

This compared with bills of \$5,953,298 and \$4,446,637, for the 1953 and 1949 general elections, respectively. In 1930, when the present election system was instituted, the cost was \$2,127,893.

These figures do not include the costs incurred by candidates, expected to be tabled later this session.

No Settlement In Strike of 180 Carpenters

KELOWNA (CP) — No move has been made so far to end a strike of 180 carpenters who walked off the job here Wednesday.

V. Ahrens, spokesman for the Kelowna Builders Association, said the contractors are prepared to reopen negotiations but will not offer more than a conciliation award of \$2.35 an hour across the board.

The union has rejected the conciliation board award. Mr. Ahrens said the recommendation is only nine cents below the provincial standard of \$2.44 an hour.

He said contractors here have been paying \$2 an hour for house construction and \$2.25 for commercial construction.

LITTLE BARKER

Symptomatic of man's essential humanity is the widespread interest in Lalka, or Little Barker, the dog which occupies Sputnik II. However important it may be in adding to man's knowledge of his physical environment, the satellite is after all an inanimate object. But Lalka symbolizes life. Since life and the preservation of life are mankind's main concern, it is small wonder that Lalka has attracted almost as much notice as the satellite itself.

Two Men Get Four Years in Penitentiary

COURTENAY (CP) — Two men were sentenced here yesterday to four years in B.C. penitentiary and a youth to 18 months in the young offenders' unit at Okalla prison for an \$800 robbery last weekend.

Ward David Grauman, 21, admitted breaking into Ogilvie Flour Mills Friday night when the premises were ransacked and the safe cleaned. Norman Paul Riel, 22, had entered a plea of not guilty in the robbery. Eighteen-year-old Larry Linder changed an earlier plea of not guilty to one of guilty. Grauman was given a second four-year term to run concurrently with the first when he pleaded guilty to the theft of \$177 from a Comox apartment block Oct. 30.

Admiral banishes the bustle

...to give you SLIMLINE TV

Yes... gone forever is the boxy, bulky, bulgy TV style of yesteryear. Here to grace your home are the new fashion-slim Admiral table and console TV models for '58. Thanks to the new shorter 110° deflection picture tube, Admiral cabinets are up to 9 inches shorter in depth than previous cabinets. There's no bell, no bulge at the back. Admiral Slimline TV fits flush against the wall.

Admiral TV for '58 is a revolution in styling and performance. See how clear and

life-like Admiral TV pictures are! Listen to the new sound... Admiral Duo-Phonic Sound that surrounds you with realism. And you enjoy this "talking picture" effect even in table models... another first from Admiral.

Be sure to see Admiral TV for '58... completely redesigned from cabinet styling to the new Power-House Chassis and sound reproduction system. Now on display at your Admiral dealer... see and hear Admiral TV for the entertainment thrill of your life.

Model CH21F41X

21" Console with High Fidelity 4-speaker sound system. 8-watt Amplifier. Plug in Phono Jack. Push button on-off. In walnut, mahogany, blonde or Sierra veneers.

Model T21E21X

21" Table model with Golden Picture Frame, Imperial "330" Chassis. New 110° "Black Beam" picture tube. All top-front tuning. In charcoal, mahogany or blonde finish. Base optional, extra.

Model T21F41X

21" Table model with Two-Speaker Duo-Phonic sound system. Brass legs or "Lazy Susan" swivel base, optional extra. In walnut, mahogany or blonde wood finish.

Model C21F41X

21" Console with Imperial "440" Chassis. Transformer powered. Inclined Dual Speakers. 110° Black Beam picture tube. Tone control. In walnut, mahogany or blonde wood finish.

Model L21E21X

21" Lowboy Console with Dual 6" x 9" Speakers. New All-Top-Front tuning with dial light. Imperial "330" Chassis. Bass and Treble Boost. In walnut, mahogany or blonde wood finish.

ALF. HALFORD D. WILSON of Vancouver and George Lang, president of the Penitction Board of Trade inspect a mountain of steaks in the kitchen of the Hotel Prince Charles shortly before they were fried up by cook Mrs. Olive Broccoli

Unique "Package Deal" Planning Recommended

Vancouver's package deal or five-year plan for financing of municipal development was outlined as a type of program that Penitction might follow in an address to the Penitction Board of Trade last night by Ald. Halford D. Wilson of the coast city.

Ald. Wilson, a long-time proponent of long-range civic planning, said the Vancouver plan was unique on the North American continent but could be adopted by any municipality providing provincial legislation allows it. If the Municipal Act does not allow such a plan, permitted to Vancouver through its separate city charter, the Act should be amended.

The plan in brief, Ald. Wilson explained, is long-range capital budgeting. Instead of presenting money by-laws for specific projects, the city would present a by-law for all projects that will be necessary over the next five years. The by-law would authorize borrowing of money up to a specified total over the period for the projects planned.

Advantages of this plan, Ald. Wilson said, are:

- 1) It eliminates the expense of a multitude of referendums for individual projects.
- 2) It enables a more efficient municipal organization to be built up since there is more time for designing each project, a permanent works force can be maintained, acquisition of proper equipment becomes worthwhile and work can be scheduled so that one job doesn't interfere with work already done.
- 3) The municipality can wait for the best bond market conditions.
- 4) Council is relieved of local pressures since the comprehensive plan covers all the projects that diverse groups may be pressing for.

The comprehensive, long-range plan is prepared by a technical planning board composed entirely of civic officials including the city clerk, city engineer, parks superintendent, medical health officer, and building inspector.

Citizens must also be allowed to participate, however, by calling for suggestions from all interested groups and individuals. Thus the plan will be the collective thinking of everyone interested in the growth and development of the city and this is a "big help in selling the plan."

Among the things this plan has made possible in Vancouver, Ald. Wilson explained, is rehabilitation of old and run-down areas of the city. Part of the long-range budget covers purchase of these areas by the city which then demolishes the old and dilapidated buildings, resubdivides the land if necessary and sells it for new development. Thus the core of the city is kept healthy and strong and much of new development away from the centre of town is obviated. This saves expense of costly service extensions to new areas.

In Vancouver's first five-year plan, now expiring, growth of city assessment took care of most of the expense so that taxes had to be raised only a fraction of a mill to get the money. Ald. Wilson was confident that this would be the case in almost any other B.C. municipality also.

Of the \$72 million five-year plan which Vancouver is to vote on next month, \$43 million will be for works projects including streets, a new incinerator, central garage, sewers and water mains; \$2 million for street lighting; \$836,000 for fire department; \$4 million for health and social services; \$364,000 for libraries; \$6 million for a land purchase fund; \$1,300,000 for completion of civic auditorium; \$2 million for the PNE of which half will be repayable; and \$5 million for rehabilitation of older sections of the city both residential and industrial.

SUMMERLAND POSTAL CLERKS SHOW GOOD "HORSE SENSE"

SUMMERLAND — The postal staff here rates an A for "horse-sense."

A postcard photograph, showing two handsome horses in a field and addressed to "the rancher who owns these horses between West Summerland and Faulder, B.C.," was delivered promptly and correctly to Frank Johnson, here.

The picture was a reproduction of one taken during the summer by Mrs. G. L. Bullock while visiting in this area. Mr. Johnson posed one of his animals for Mrs. Bullock and the postcard contained a message of appreciation for his co-operation.

When the card arrived at West Summerland post office, an employee recognized the horses enabling the card to be delivered to its destination.

Church Leader Coming to City

Dr. J. S. Thomson, dean of the College of Divinity at McGill and moderator of the United Church in Canada, will visit Penitction and Naramata this weekend as part of a two-week sojourn in B.C.

His Okanagan tour will be en route to Vancouver where Dr. Thomson will visit University of B.C., one of several Canadian universities he is touring as a missionary.

Preaching Sunday morning at Vernon which is presently without a minister, Dr. Thomson will preach in Penitction Sunday evening at 7:30 p.m.

On Monday he will visit the Christian Leadership Training School at Naramata continuing on to Vancouver the next day.

Formerly director of the CBC and president of the University of Saskatchewan, Dr. Thomson now heads the faculty of Divinity at McGill, only denominational faculty of its kind in Canada.

Highlights of his visit at UBC will include meetings with the faculties of both United Church and Anglican Colleges on the campus "to discuss plans for co-operation and future development."

PASSING PARADE

STUDENTS' DRIVE
A magazine subscription campaign begins today in Penitction as part of an all-out fund raising effort by Penitction Senior High School students, council in which it is hoped to raise \$1,000. Students are going from door to door selling subscriptions to any of 96 different magazines for the next 10 days. The drive not only presents opportunities to subscribe to favorite magazines at bargain rates but also will encourage local students to finance their own extra-curricular activities such as sports and musical clubs. Residents are asked to leave their porch lights on and co-operate with the students.

HELPING SCOUTS
Summerland Town Band is giving a concert tonight at Westbank in aid of the Scouts and Cubs. The band, under leadership of W. A. Steuart, has a good attendance at weekly practices. Almost 100 percent of its members paraded on Armistice Day. A local concert is planned soon. New members are always welcome.

J. Winkelaar Heads Catholic Fund Drive

Rev. Francis J. Quinlan, pastor of St. Ann's Church, has announced that Johannes J. Winkelaar, well-known Penitction businessman, has accepted the chairmanship of the fund campaign for construction of a new church.

"It has been evident for some time that we badly require a new church," Mr. Winkelaar said today. "Even with four masses on Sunday, the congregation is such that it has created a problem every Sunday during the year, and of course, during the tourist season the situation has just simply been acute," said Mr. Winkelaar.

"The present church building, 44 years old, has been adequate until recent years. Since the growth in our parish will continue, we must take immediate steps to build a new St. Ann's Church."

Mr. Winkelaar has been active in many types of community endeavor during his 10 years in Penitction, and is the president of the Credit Bureau of Penitction and District.

Patrick C. Grant is assistant general chairman. Mr. Grant, local high school teacher, was recently named president of the Okanagan Valley Teachers' Association.

Serving on the executive committee of the Building Fund are vice-chairman are Anthony S. Blou, Maurice P. Finnelly, Wilfred H. Gerwing, T. Harry Hines, and Patrick S. Moen.

Funeral at Oliver For Mrs. F. Ronner

OLIVER — Services for Olga Isabela Ronner, wife of Frank Ronner, were held Wednesday afternoon from the chapel of Graham's Funeral Home, Rev. S. Pike officiating.

Of German extraction, Mrs. Ronner was born in Russia in 1899.

Surviving are her husband, one son, Elmer Nickel of Alberni, brother at Wembley, Alta., and a sister, Mrs. E. T. Appleton of Vancouver.

35-Year Resident Of Penitction Dies

Funeral services will be held from Bethel Tabernacle tomorrow afternoon for Lucy Howell, 93, who died Wednesday.

Mrs. Howell was born in Huntington, England, and lived in Penitction for the past 35 years.

She is survived by two sons, Jacob Millington of Penitction and Richard Millington of Los Angeles; a daughter, Mrs. Walter Amos of Victoria; nine grandchildren and 16 great-grandchildren.

Rev. W. C. Irvin will officiate at the funeral. Burial will be in Lakeview Cemetery.

In lieu of flowers, donations of memorial Gideon Bibles are requested.

Roselawn Funeral Home is in charge of arrangements.

Wants City Billed as "Queen of Two Lakes"

Penitction is not taking enough publicity advantage of the fact that it is probably the only city in North America and one of two in the whole world to be situated on two lakes, it was suggested at the monthly meeting of the Penitction Board of Trade last night.

Mrs. Alfreda Malbush said that there is only one other city in the world to be located on two lakes. The other city was reported to be in Switzerland.

She suggested that Penitction should bill itself as the "Queen of Two Lakes" and the two Peach Festival princesses each year should be named Princess Okanagan and Princess Skaha after the two lakes.

Charlton Heston As Moses In Big Screen Epic

Seen as he appears in the lead role of Moses in Cecil B. DeMille's production, The Ten Commandments, now playing at the Capitol Theatre in Penitction, is Charlton Heston. The spectacular and deeply moving epic, telling the story of the Israelites' plight under Egyptian bondage and God's choice of Moses to deliver them from the Egyptians and lead them to the Promised Land, is held over at the Capitol for a second week. Co-starring with Mr. Heston are Yul Brynner, Anne Baxter, Edward G. Robinson, Yvonne De Carlo, Debra Paget and John Derek. Owing to the more than usual length of the picture — over three and a half hours — there is only one performance each evening with a matinee tomorrow afternoon.

Examinations Could Cut Fall Hunting Accidents

Despite publicity, education, and the grim warning of fatal and near fatal accidents, death and maiming from hunting mishaps appears to be on the increase.

Forty years ago, accidental shootings were rare and the incidence of people getting lost in the woods equally as rare. Today, during the hunting season, it is hard to find a daily paper without mention of some such happening.

Placing the blame on the increasing number of people interested in hunting is but begging the question. In earlier years practically every man in the province, apart from those in the heart of the city, went hunting. Numerically more may hunt, but on a per capita basis there were more nimrods 40 years ago than there are today.

Ignorance and carelessness are doubtless responsible for most of our modern hunting mishaps.

The earlier hunter could not afford to be careless; too much depended upon his efforts. And there were too few people, generally speaking, to embark on the form of organized search that can now be undertaken. Nor could the pioneer afford to be ignorant of either the rules of safety, the proper care and handling of his weapon—and the way home as well.

That explains the present condition, but does not answer the problem of eradication. Of course, we might ban the woods and the use of firearms to people, thus saving them from their

own folly, but such a stringency would inevitably defeat itself, for people would rebel against it and the remedy become more intolerable than the disease.

Publicity and appeals to sportsmanship having failed, we must find other means of gaining greater safety. That answer would seem to be compulsion.

We could insist that each person taking out any form of firearm, hunting or fishing licence study specific, simple safety rules—and pass an examination before obtaining the licence. Such rules would include the old precept of "If it hasn't horns, don't shoot." Furthermore, they would make certain the would-be hunter knew fully every detail of all general types of sporting rifles and shotguns, and safety rules in handling them. And the applicant for licence would be made to understand another old rule—"all guns are loaded until you've taken them apart and put the pieces in separate boxes."

Practices, such as follow water downhill; the use of two fires or three shots at minute intervals as a signal of distress, would be impressed on the hunter.

Insistence that people learn such principles would work no more hardship than insisting that drivers know the rules of the road before obtaining a driver's licence.

Rules and instructions of this type could cut the tragic toll of dead, maimed and lost to a minimum in a short season or two.

In Support of CPA

The whole country should be behind the government if it grants the application of Canadian Pacific Airlines to operate a new cross-Canada air service.

TCA's 20-year monopoly has long since been proven a mistake. Now, with the highest gross revenue in its history and a fat surplus, it can no longer be sheltered. To continue the monopoly will be to perpetuate the thumb-to-nose attitude to the public rather than to safeguard this surplus. Canada's prospering economy can easily sustain two such main air lines.

The CBC and the Taxpayer

It has been said that the government has received an offer to buy the Canadian Broadcasting Corporation, but Mr. Diefenbaker says that no offer will be considered, even if received.

The CBC was not an issue in the last election campaign so far as one could discern. It could have been. If it had been, the Government might have asserted with greater assurance that the Canadian Broadcasting Corporation was, or was not, for sale. Of course the Government should not sell anyone a monopoly; but the CBC should not be a monopoly.

The CBC is a heavy burden on the Canadian taxpayers and there is every evidence that the burden will increase unless it is taken hold of in a firm way by somebody. Governments take hold of nothing firmly if being firm requires economy. There is no doubt that millions of dollars could be saved annually in administration alone, forgetting for the moment that the CBC type, as developing, is not only an artistic soul but a spending one.

The new Government is committed to reducing taxes. Good government, if it can be achieved, requires that these reductions in taxes be possible without reducing salaries of the civil service or without preventive additions to pensions and some other expenditures.

Mr. Diefenbaker in his apparently abrupt statement indicated his confidence that the Canadian people would not entertain an offer to purchase what some of the Canadian people consider a white elephant. By and large the people want some sort of a Canadian Broadcasting Corporation because friends of the CBC have convinced the public that a singing commercial from a CBC station is less objectionable than one from a privately-owned station, and that the third-rate program on a CBC network, especially when unsponsored, is superior to a U.S. network program of, say, Shakespeare played by some of the

finest actors of this decade and sponsored by a greeting card company.

There are those who believe that local stations would neglect their duty to the public if the CBC were not operating alongside. The CBC could continue as a regulatory body insisting that a percentage of time be given to national and international news, and, maybe, the governor-general's kind of culture. There could also be two or more independent networks, each of which would keep the others on their toes. If, as some people think, the New York Times is a splendid newspaper, its pre-eminence in the field of journalism undoubtedly is due in part to the fact that the New York Tribune through the years has been trying to be an even better paper.

In the newspaper field it is sometimes said and sometimes indicated that the editor makes policy. But the editor makes policy only in so far as he is in accord with the policies of the publisher or owner, or on occasions when the publisher or owner neglects to make policy. It used to be said that editorial employees of a large Canadian newspaper were never told what the policy of the paper was. But over a cup of coffee in the morning a new member of the staff could quickly learn which of his writings were likely to get published and which were likely to lose him his job. And then, at the very end, it is the reader who makes newspaper policy.

The CBC is operated similarly. How much can it get away with? To what extent does the CBC apply and enforce its pretence that neither the Minister of National Revenue nor the Prime Minister himself can tell it what for? But the fact is that Government and Parliament are delegated to look after the interests of the Canadian people. If the views and wishes of the Canadian people are wrongly interpreted or deliberately flouted the consequences will be evident at a later day.

—The Printed Word.

Education vs Alcoholism

A novel attempt is to be made at Preston, Ont., to prove that the best way to prevent alcoholism is education of the young. Seven youths, convicted of drinking while under the legal age, have been ordered by a magistrate to attend meetings of Alcoholics Anonymous once a week for six months. If their attendance record is not perfect, they will go to jail. At the meetings, they will hear former intemperate drinkers describe the ravaging consequences of alcoholism.

The magistrate is using an original approach to the problem of preventing youngsters from growing into alcoholics, but the principle behind it is sound. In British Columbia the provincial authorities have for some years promoted an education campaign which has had good results. Ontario has not gone that far, although an alcoholism research institute has been set up to study the extent of intemperate drinking in the province. The causes of alcoholism, and the possible cure, are the subjects of an extensive campaign against alcoholism, conducted through the provincial school system would appear timely.

The province could make no better use of some of its liquor revenues than to carry on such a campaign. The effects of alcoholism on society as well as the individual and his family do not have to be described here. They are well known. Education of the young is not the whole answer to the problem, but it is undoubtedly part of the answer, sufficiently so to make the use of this weapon well worth while.

UNITED KINGDOM OPINION

No Cure for Rising Costs in Britain

By "ONLOOKER"
Thomson Newspapers
London, England, Bureau

Back to work go Britain's Members of Parliament and plunge into a varied brew of threatened legislation. The main spotlight is still on finance, on the increased cost of living that has yet to find a cure.

But, although the current government over here wants to keep money "tight", they have just released an additional \$43,200,000 a year for the aged. Up go pensions. Old folk now will be getting a pension of \$7.00 a week for a single person, \$11.50 for a married couple. The rise is just \$1.50 a week — a help but totally inadequate.

Some 4 1/2 millions will benefit from the increased pensions. Altogether helped are the 150,000 unemployed, the 210,000 widows, the 770,000 mothers-to-be who get a maternity grant, Britain's 58,000 war-crippled, her 150,000 war widows, and her 82,000 war orphans will also be getting more.

But who pays? To pay the increased pensions, a single man will now be paying \$1.30 a week — practically a 25 per cent increase — in contributions, and the employers' contribution per head to the scheme will be up by about the same amount to \$1.14. In effect, the whole scheme shakes down to this: that three-fifths of the British are working and paying for

the aged fifth of the population. By the time a baby born today reaches retirement age over here the ratio of employed to aged may be two to one.

Both the Labor Opposition and the Government speakers on the pensions issue have welcomed the new scheme, although the Laborites have as one of their election "platforms" for a couple of years hence a promise that \$2.70 a week would be slapped on to old age pensions.

But there has been opposition in another matter. The Minister of Health over here has turned down a wage increase negotiated by some of his Civil Service employees and the Whitley Council, which is the organization that arbitrates in pay claims made in the Civil Service itself.

The Minister has had, obviously, to tow the line chalked out by his government. But the claim, say the Civil Servants, had gone through the normal channels, and had been virtually accepted. The Minister's veto dealt with a retrospective case.

And a tactical error has been committed in the grand strategy of wage and price stability that Macmillan's government is trying to push through. A lot of people — not the fiery types who put in a wage-claim at a minute rise in the cost of living, but responsible folk with intelli-

gence — have been antagonized.

SPUTNIK NUMBER TWO

How did the British react to the appearance in space of Sputnik Number Two? Well, it would have been just another Sputnik had not the dog been aboard. The Russian Embassy here was besieged by dog-lovers, and the main topic of conversation was not so much the fact that the Russian have underlined their lead but the ethics of putting a dog in it. Why not, they asked, one of the Heroes of the Soviet Union so many of us have heard about?

Soundest comment — for my money, anyhow — came from a dog-loving woman, who asked: "Why all this fuss about a dog? All of us on earth are on a satellite whizzing through space — and we can't get away..."

PASSING THROUGH

Passing through London has been Paul Henri Spaak, Secretary-General of the North Atlantic Treaty Organization, who is paving the way for the NATO chiefs of government talks due to open in Paris on December 16. Eisenhower will be attending, and the talks — in view of the "sputniks" and the obvious development of Russia's guided weapons program — will be probably the most important in the eight years that NATO has been in existence.

Particularly will it be important for the British, who have been finding their defence budget overloaded and want to get guided missiles into their armoury as soon as possible so that manpower can be saved.

RAISING THE PAY

Britain is committed to finish with National Service within the next two years — provided she gets enough men by voluntary recruiting. But will she? For years past thousands of young men have been "signing on" as Regular soldiers for three years to get better pay for that time instead of serving at a reduced rate their two years compulsory stint.

Now that source of supply is drying up and so far recruiting figures are running at about half the 1956's total. More pay is promised eventually to the British Tommy, and Opposition politicians here are already talking about the need for having a \$27 a week private soldier. At the moment a British army recruit gets \$12.26 a day. His pay in 1939? 27 cents.

DR. AND MRS. EDWARD KITA
—Portrait by Redivo.

Satoye Nishiguchi, Dr. Edward Kita Are Principals in Autumn Ceremony

SUMMERLAND — The bride of Dr. Edward Kita son of Mr. and Mrs. Kew Kita, came from the coast to be married in Summerland, where the Kita family has resided for many years. She was Miss Satoye Nishiguchi, of Vancouver, daughter of Mr. and Mrs. Magojino Nishiguchi, of Ashcroft. The lovely ceremony took place at half-past three on Saturday afternoon in Summerland United Church, performed by Rev. C. O. Richmond.

Large shaggy mums denoted the late fall season arranged in profusion with ferns, and baby mums on tiny lace dollies to mark the pews where 115 guests came to the service.

Mr. Nishiguchi gave his daughter in marriage.

Enhancing the bridal picture was the lace and tulle wedding gown worn by the bride, posed over satin fashioned with short sleeves, the floor-length skirt of tiered net, crinolined and hooped. Long lace mittens were worn and a finger tip veil of illusion tulle with a tiara shaped headpiece of seed pearls, sequins and rhinestones. The bride carried beautiful red roses and stephanotis.

The two attendants, the bride's sister, Miss Patricia Nishiguchi,

as maid of honor, and her cousin, Miss Lorraine Nishiguchi, the bridesmaid, in their red velvet frocks gave a bright note of color on the November day. Their gowns were halter styled, ballerina length with matching boleros. They wore white feathered bandeaux, and white gloves, and carried bouquets of white carnations.

Tom Sakaki, of Vancouver, was the best man, and the ushers were Sandy Jomori and Fred Kato of Summerland.

Mrs. Delmar Dunham was the organist and while the register was signed Mrs. K. L. Boothe sang, "I'll Walk Beside You."

The Japanese Hall was tastefully decorated with pink and white streamers converging in a white wedding bell behind the chairs of the bride and groom. Flowers were arranged on the long supper tables.

Robert Nakamura was toast master for the occasion and a toast to the bridal couple was proposed by Gerald Washington, of Vancouver, with a reply by the groom. Sam Imayoshi proposed the toast to the attendants. A number of others offered congratulations.

Mrs. K. L. Boothe sang, "O Perfect Love" and congratulatory

telegrams were read from Mr. and Mrs. N. Wakabayashi and Miss Rose Wakabayashi, of Montreal; Mr. and Mrs. Nishiguchi, of Coaldale, Alberta; Mr. and Mrs. Dan Yamasaki, of Toronto; and Miss M. Kubokawa, of Pasadena, California.

Assisting in serving were Mrs. M. Aoki, Miss May Inaba, Miss M. Kawasaki and Miss Mitzi Jomori.

For going-away the bride wore a smart moss green suit with a small black hat with white polka-dotted net trimmings, patent leather accessories and carried a grey fur jacket. Her lovely corsage was a deep mauve orchid and stephanotis. The couple will make their home in Richmond, where the groom's dental practice is located. The bride is a graduate of the Vancouver General Hospital School of Nursing.

The bride's parents came from Ashcroft and guests who came from Pentiction were Mrs. H. Fujita, Mr. and Mrs. Harry Fujita, Mr. and Mrs. Jim Fujita, Gordon Fujita, from Kelowna, Mr. and Mrs. G. Tamagi, Minoru Tamagi, Tom Tamagi and Miss Yuki Koga; from Vernon, Mr. and Mrs. M. Mori; from Abbotsford, Miss Medori Matsui; from Vancouver, the bride's brother, Dr. K. Nishiguchi, Mr. and Mrs. Bob Obara, Miss Frances Tasaka, Miss Mewa Tada, Miss Martha Uegama, Mr. and Mrs. Y. Arai.

NARAMATA NEWS

Church Dinner Will Open Fund Campaign

The finance committee of St. Peter's Anglican Church is launching a fund-raising campaign to fulfill various obligations to the diocese, to make a number of needed improvements to the church and for general operating expenses.

This campaign will replace the "Everyman Canvas" and will possibly cover a period of three years. Fred N. Ritchie was elected chairman of the campaign for funds at a recent vestry meeting held at the home of Mr. and Mrs. E. C. Tennant. His committee is composed of Mr. Tennant, the people's warden; L. E. Smith, the rector's warden; Sid Read, envelope secretary; and W. G. Clough, secretary-treasurer. Others will be added to the committee later.

With the objective of explaining details concerning the campaign to St. Peter's congregation, and also as a means of a family social get-together, a dinner will be held Sunday evening, November 17, in the parish hall. The Women's Guild is making arrangements for the campaign dinner which will commence at 6:30 p.m. Mrs. G. P. Tinker is convening the committee in charge of details.

The Naramata Players will meet Wednesday, November 20, at 8 p.m. at the home of Mr. and Mrs. Ken Pattison in the Naramata village. Business of the evening will be followed with the playing of drama recordings.

Mr. and Mrs. A. L. Day are spending the current week visiting in Chilliwack and Victoria.

Members of the congregation of the Naramata United Church met Monday evening in the church hall to honor two very

MANY FRIENDS AND RELATIVES gathered at the lovely home of Mr. and Mrs. Adolph Retzlaff on Johnson Road to honor them at a surprise party on the occasion of their silver wedding anniversary on November 9. They were the recipients of numerous gifts and congratulatory messages from their wide circle of friends in the Okanagan Valley and from distant points. —Sunderwood Studio

Couple Celebrates Silver Anniversary

Surrounded by friends and relatives, Mr. and Mrs. Adolph Retzlaff, recalled the many happy years of their married life when they were honored with a surprise party on the occasion of their silver wedding anniversary on November 9.

Their attractive home on Johnson Road was the setting for the enjoyable social evening arranged by their two daughters, the Misses Evelyn and Jeanette Retzlaff, who came from Vancouver for the anniversary celebrations. Many congratulatory messages and gifts were presented to the honored couple prior to a social hour of entertainment, highlighted with the showing of a snapshot album, wittily inscribed by Miss Evelyn Retzlaff, depicting many colorful events in the couple's life.

Among the lovely gifts received by them was a silver tea service from their daughters, the two present for the occasion, and Miss Shirley Retzlaff of Portland, who was unable to participate in the celebrations.

A beautifully decorated cake was the centre of interest when refreshments were served from a silver appointed table ornamented with graceful tapers and containers of richly colored autumn blooms.

Among the guests present for the enjoyable evening were Mrs. O. Schur and Mrs. F. Rourke, Vernon; Mr. and Mrs. Ken Retzlaff, Kelowna; Miss Nettie Mar-

tins, Vancouver; Mr. and Mrs. I. Kan, Mr. and Mrs. D. Isaac, Mr. and Mrs. R. A. Pohl, Mr. and Mrs. F. Lepin, Mr. and Mrs. G. Poltras and Ken Lepin, all of Pentiction.

December Wedding For Maribel Burch

A December ceremony of wide local interest is foretold with the announcement of the engagement of Miss Maribel Joan Burch, elder daughter of C. S. Burch and the late Mrs. Burch, and William Alfred Rothfield, son of Mr. and Mrs. A. W. Rothfield, all of this city.

The wedding will take place at St. Saviour's Anglican Church on December 20 at 7:30 p.m. with Rev. Thomas Harris of Langley Prairie, uncle of the bride-elect as the officiating clergyman.

The bride-to-be, who is a graduate of this year's class at the Royal Columbian Hospital School of Nursing at New Westminster, will have her sister, Miss Irene Burch, as maid of honor, and the groom-elect's sister, Miss Genevieve Rothfield, as bridesmaid.

Little Miss Christine Cumming, daughter of Mr. and Mrs. A. A. Cumming, will be the flower girl.

Keith McLean will be best man for the groom-to-be, who is a graduate of the University of Denver in Colorado and a member of the Pentiction High School teaching staff. Ushers will be W. E. Foley-Bennett and the bride-elect's brother, Charles Burch.

The Pentiction Chapter of the Registered Nurses Association of British Columbia will meet Monday at 8 p.m. in the Nurses Residence. Miss Margaret Delaney will speak on her recent European trip which included attending the Nurses Congress at Rome.

Mr. and Mrs. Harvey McLean travelled to Vancouver last weekend to visit their son-in-law and daughter, Mr. and Mrs. Barry Pollard, Mr. McLean re-

turned there and Mrs. McLean plans to return on Sunday.

Miss Sachiko Kanayama spent the long weekend visiting her sister, Miss Alice Kanayama, a nurse-in-training at St. Paul's Hospital, Vancouver. The young nurse-to-be accompanied her sister back to Pentiction for a short stay and has now returned to the coast.

Mrs. Ted Leaney, vice-president of the Lady Lions Club, presided in the absence of president Mrs. Maurice McNair when the regular meeting was held at her home Wednesday evening.

The group, which functions chiefly to assist members of the Lions Club with their various projects, is fundamentally a social organization, and following a brief business session adjourned for the evening's entertainment.

A Christmas party for members will be held in December at the home of Mrs. Archie Mosdell with arrangements to be made by Mrs. A. I. Amundsen, Mrs. Roy Lepard, Mrs. Roy Hotson and Mrs. Ted Mosdell.

Refreshments were served by Mrs. A. H. Frazer, Mrs. W. T. Henders and Mrs. Gordon M. Clark. The program was arranged by Mrs. James Fleming.

WORDS OF THE WISE

One truth stands firm: All that happens rests on something spiritual is strong, it creates world history. If it is weak, it suffers world history.

—(Albert Schweitzer)

The resolved mind has no cares.

—(George Herbert)

PEACHLAND NOTES

PEACHLAND — A. E. Miller has returned from a motor trip to Seattle where he spent the Remembrance Day weekend.

Mr. and Mrs. L. B. Fuks, accompanied by Mr. and Mrs. Geo. Birkelund left this morning by motor for Long Beach, California. They plan on making their headquarters at Venetian Square Gardens for the four months they are away.

Councillors Ivor Jackson and A. E. Miller attended the funeral of the late Mayor Ladd on Wednesday as representatives of the Municipality of Peachland.

Remembrance Day services were held at the Cenotaph, with the Rev. R. L. Norman officiating. Legion members, Girl Guides and Brownies paraded from the Municipal Hall and lined up on each side of the Cenotaph lawn for the service. Wreaths were placed at the foot of the monument by the president of Branch 69, Joe Davies; the Ladies' Auxiliary to the Branch; the Council and other organizations. The Last Post was sounded by A. Ruffe. Following the service, members of the Legion placed poppies on all the graves of veterans, an annual ritual.

Mr. and Mrs. R. C. Redstone and daughter, Elaine, have left on a motor trip to the Eastern United States for an indefinite period.

Murray Dell, Lu Anne Gibson and Noel Wilson have returned to Vancouver after the long weekend spent at home.

Charles Monroe, his brother, Doug, Sr. and Mr. Parker all from Vancouver were guests at the Totem Inn and visiting friends in the district during the weekend.

Weekend visitors at the home of Mr. and Mrs. Verne Cousins included Mr. and Mrs. A. Kaul and their two children, Karen and Judy, from Vancouver, Harold Cousins and his son, Lorne, from Oliver.

Bruins Take 5-2 Win From Hawks

McKenney Picks Up Three Points in Boston Victory

BOSTON (AP)—Boston Bruins defeated Chicago Black Hawks 5-2 Thursday night as Bruins centre Don McKenney came through with a goal and two assists.

Real Chevrefils, Larry Regan and Vic Stasiuk added a goal and an assist each to the National Hockey League victory at the Garden.

The Bruins built up a four-goal lead through the first two periods, then watched Chicago come back with a pair before Stasiuk concluded the scoring a little more than a minute from the end. He put in a rebound of John Bucyk's shot.

McKenney belted home a 15-footer on a pass by Chevrefils from behind the nets, and Regan scored on a backhand for Boston's first-period tally.

Jerry Toppazzini and Chevrefils put the Bruins ahead 4-0 by 12:22 of the middle session.

Nick Mickoski scored four minutes later and Ted Lindsay tallied at 5:55 of the final period to bring a flicker of hope to the visitors.

First period — 1. Boston, McKenney (Chevrefils, Stasiuk), 6:35. 2. Boston, Regan (Mackell, Flaman), 8:42. Penalties: Bucyk, Mohns.

Second period — 3. Boston, Toppazzini (Regan, McKenney), 12:14. 4. Boston, Chevrefils (Lahine, McKenney), 12:32. 5. Chicago, Mickoski (Kachur, Neaterenko), 16:21. Penalties: Hillman, Chevrefils, Neaterenko.

Third period — 6. Chicago, Stasiuk (Liszenberg), 18:05. 7. Boston, McKenney (Chevrefils), 18:58. Penalties: Liszenberg, Neaterenko, Bionta, two minor.

Final score — Boston 5, Chicago 2. Goalkeepers: Simmons, 1 6 9-22.

Richards Still Out in Front

Bronco Horvath and Fleming Mackell gained an assist apiece Thursday night as Boston Bruins nipped Chicago Black Hawks 5-2 to break a four-way tie for sixth place in the National Hockey League scoring race.

Horvath's assist, added to his nine goals and five assists, gave him 15 points, tied with clubmate Mackell, who has scored five goals and assisted on 10 others.

They had been tied with Ted Sloan of Toronto and Gordie Howe of Detroit.

Veas Express Appreciation For Support

The Penitence Veas hockey executive today expressed appreciation of the way local hockey fans have responded to the Veas auction.

Three auctioneers, Bill Crooks, Bill Rand of Summerland and Doug Smithson, who cancelled his regular auction sale, have donated their service to the Veas for the auction which will be held Saturday at the Safeway parking lot. The sale gets under way at 10 a.m. and will wind up at 8 p.m.

The executive also had words of praise for the way the players pitched in and worked to make the auction a success. The players looked after picking up all items that were donated by local hockey fans.

Jean Gregory, who looks after ticket sales for the Veas also put in a tremendous amount of work on the project.

A large amount of items have been donated and the executive was sure that the sale will be an outstanding success.

CAGE EXHIBITION ON TAP TONIGHT

Playing coach Ray Spring of the Penitence Truckers isn't making any predictions as to the outcome of tonight's exhibition basketball game, but if the team's spirited workouts are any indication, the Clover Leafs are in for a battle.

The main attraction will be preceded by two preliminaries, the first getting under way at 6:30 p.m. The Truckers-Clover Leafs clash is slated for 8:30.

Fans attending tonight's game are asked to use the west entrance to the gym as the east entrance will be used by those attending the community concert.

Fran Burns Leads Lady Trundlers

Canadian Freightways captured honors in the Penitence Ten Pin Bowling League Thursday with a high three game score of 1,900 and a single game score of 647.

Individual honors for the high triple were shared when George Samos and Pudge Robson each scored 501. Doug Swift won the single game honors with a 196.

In the Five Pin Mixed League, the high three was a total of 2,696 and the Hi Fi's captured the single game score with a 1,041.

Ladies individual honors went to Fran Burns with a 597 high triple score and a 298 single.

Gordon Meakin was the pick of the men with scores of 638 and 266.

Pee Wee Hockey

Pee Wee puck chasers who fail to make one of the three regular league teams won't be left sitting on the sidelines.

A Pee Wee hockey pool, under the direction of Wes Wensley, has been formed to look after these boys and assure them of being able to play hockey.

Mr. Wensley pointed out that many youngsters who do not get an early start at the game would be unable to play if it was not for a setup of his type. Now, youngsters in the eight to ten age group who have not previously played hockey will not be kept out of the game because of lack of experience.

The pool has formed two teams and a third will probably be added if more boys turn out.

The teams play each Monday from 4 till 5:30 p.m.

Following are the players presently playing on the teams: Clark's Red-Mix—Robert Crow, Robert Bent, Danny Boyd, Paul Sunderman, Gary Green, George Briant, Paul Atkins, Jerry Woodlock, Glen Taylor, William Fisher, Wallace Winter, Raymond Fonger, Harvey Hagen, Lloyd Daniel, Jimmy Anderson, Michael Day, Jack Morrison.

Super-Valu—Greg Ware, Dennis Joiner, Billy Day, Perry Stang, Tommy Clements, Russell Jordan, Gordon Johnston, Jimmy Bolton, Robert Finch, Donald Wensley, Arthur Loyie, Gary Kay, Lander Nedell, Chris Bradburn, Brian Ross, Bob Lumb, Byron Grant.

CLOVER LEAFS OPPOSITION

Members of Penitence Truckers senior B basketball squad flash confident smiles as they get ready to meet Vancouver Clover Leafs tonight in an exhibition tilt at the high school gym. Game time is 8:30 p.m. From left are Ken Ellerbeck, playing coach Ray Spring, Don Marshall, Charlie Freen and George Drossos. Centre is team manager Bert White.

Eskimo Coaches Aren't Looking for Easy Win

BY JIM PEACOCK

Frank Ivy and Ray Prochaska weren't in Canada when it happened, but the memory of 1953 lingers with them as they prepare Edmonton Eskimos for the Western Interprovincial Football Union final against Winnipeg Blue Bombers.

"Trouble is with the people, they've already forgotten what happened in 1953," said Ivy, grimacing at any suggestion the 1957 series will be a walkaway for Edmonton.

It was four years ago that the favored Eskimos of Darrell Royal met Winnipeg in the best-of-three league final.

Bombers won the deciding game 30-24 when, with less than two minutes remaining, Dave Skrien intercepted a pass at the Winnipeg 10, ran it to the Edmonton 50, then lateraled to Tom Casey who scored the winning touchdown without a hand being laid on him.

"Memories are too short," said Ivy, who became head coach of the club in 1954 and who has won the Grey Cup title in each of the last three years.

"We've beaten the Bombers three times out of four," assistant coach Prochaska offered.

"Well, they beat Calgary Stampeders four times straight, then got the tar whealed out of them at Winnipeg last Saturday. Don't think it can't happen again."

Prochaska referred to the 13-13 draw between Bombers and Stampeders in the first game of the total-points semi-final, won 28-16 by Winnipeg, and he made the remarks to point up the sincerity of his and Ivy's belief that the odds in the final are even.

FEW AGREE

Eskimos, winners of 14 of their 16 games during the schedule, are conceded the series in straight games by nearly every outside observer in the West. The betting odds favor Edmonton by about two touchdowns a game.

The first is scheduled at 8 p.m. CST Saturday in Winnipeg. The second will be in Edmonton at 2:30 p.m. MST Wednesday and the third if necessary, in Edmonton at the same time next Saturday.

Smoke Eaters Whip Nelson

TRAIL (CP)—Trail Smoke Eaters moved into a tie for first place in the Western International Hockey League Thursday night as they defeated Nelson Maple Leafs 7-2 before 1,200 fans.

The victory gave the Smoke Eaters 12 points to tie with Nelson and Spokane Flyers for top spot. Spokane has two games in hand over Trail and Nelson's has one.

A smooth functioning Trail club took advantage of loose Nelson back-checking in the first period to grab a 2-1 lead. The Smoke Eaters, with their best passing game of the season, counted two more to lead 4-1 after forty minutes. They were outshot in the third period 13-4 but managed to take advantage of Nelson lapses in front of the net to count three more while Nelson could only score once.

Veteran John Rypien fired two goals for the Smoke Eaters and then got involved in a stick-swinging, fist-punching brawl with Nelson's Jim Pilla in the second period. Both players received majors, a misconduct and a game misconduct.

It marked the second consecutive game Rypien has received a misconduct and a game misconduct. Tuesday night in a contest with Rossland, the veteran was handed the same by the same referees, Al Toikko and Bing Juckes.

Others scoring for the winners were Cal Hockey, with a pair, Bobby Kromm, Warren Hicks and Jerry Penner.

Pilla scored one for the Leafs while Wendy Keller contributed the other.

Except for the outbreak in the second period, the game saw fine passes and rink-length dashes, with several opportunities foisted by newcomers Gus Adams of Nelson and Trail's Seth Martin. There were only three minor penalties, with Trail collecting two of them.

LINEUPS

Nelson — Goal, Adams; defence, Stewart, Parker, Malacko; forwards, Appleton, Martin, Hyssop, Maglio, Keller, Shockey, Lysack, Crawford, Pilla.

Trail — goal, Martin; defence, Conn, Hamilton, Andre, Robertson; forwards, Kromm, Hockey, Hicks, Tambellini, Penner, Steliga, Reid, Rypien, Hayes.

SUMMARY

First period — 1. Trail, Hockey (Kromm) 0:22. 2. Trail, Rypien (Reid) 10:18. 3. Nelson, Pilla (Appleton, Parker) 14:20. Penalty: Robertson 5:17.

Second period — 4. Trail, Penner (Hicks, Tambellini) 8:11. 5. Trail, Rypien (Andre) 10:37. Penalties: Severn 15:00, Rypien major and misconduct 19:53, Pilla major, misconduct and game misconduct 19:53.

Third period — 6. Trail, Hockey 8:04. 7. Trail, Kromm (Hamilton) 13:20. 8. Trail, Hockey (Hayes, Penner) 15:24. 9. Nelson, Keller (Hyssop) 16:18. Penalty, Hamilton 4:30.

DOE SEASON OPEN TOMORROW

Game Warden Butch Tyler told the Herald today he had been swamped with phone calls regarding the boundaries for the doe season which opens tomorrow.

To clear the matter up he said the season opens tomorrow in the area of the Okanagan water shed but that no doe could be shot in the Smilkameen water shed area until Nov. 27.

The bag limit this season is either two bucks or one buck and one doe, he stated.

Regals on Move, Top Flyers, 5-2

By The Canadian Press

SASKATOON — St. Paul Regals made things tighter in the already close Western Hockey League Prairie division Thursday night when they leap-frogged over Edmonton Flyers and into second place.

The Regals downed the Flyers 5-3 in the league's only action. The victory puts the Saskatoon-St. Paul club one point ahead of Edmonton and two behind the leading Winnipeg Warriors. Calgary Stampeders trail the Flyers by two points.

Two goals apiece by Billy Voss and Lex Colwill paved the Regals' offensive. Lyle Willey got their other goal.

Two former National Hockey League performers with Detroit scored for Edmonton. Centre Melvin Pryor counted twice and playing coach Tony Leawick once.

MID-AIR CHECK

A third-period body check by Billy Bucyk of the Regals may have cost the Flyers the services of Patty Ginnell for the season. Ginnell, a rookie, tried to hurdle Bucyk and was caught in mid-air, falling heavily on the ice. He was taken to hospital.

Flyers outshot Saskatoon — St. Paul 36-29 but Regals' defence, led by Bob Chynstall and Regal

From This Corner

By GARTH WILTON

Predicting the outcome of the Vees' games is like betting against the Edmonton Eskimos: you just can't win.

After the Vees took two beatings in a row at the hands of the Kamloops Chiefs, it was a sure bet they would be easy prey for the Kelowna Packers. At least that's what the majority thought.

And, as a result, only 850 of the faithful turned out Tuesday night when the Vees came up with a hustling, two-way performance to trounce the Packers 9-3.

However, even with the Vees' improved showing, it was evident the club still has a long way to go before it begins to function as a cohesive unit.

If the Vees were an improved hockey club, the Packers were slightly less than impressive.

In particular, Dave Gatherum in the Kelowna cage turned in a decidedly off-color display. Then, too, the Kelowna club sorely missed a pair of standout performers, centre Ray Powell and defenceman Pat Coburn, who were not dressed for the game.

Looking back in anger, Kelowna coach Jack O'Reilly called the shot perfectly.

"You were beaten by a bunch of kids," he fumed in the dressing room following the game. "But at least they went out there and skated, and got results."

And therein lies the big difference between Tuesday's game, in which the Vees looked like world-beaters, and the two previous tilts against Kamloops.

Kelowna gave the Vees room to skate.

As yet the local club has not shown a well-organized offence, and against the strong fore-checking of the Chiefs they were especially inept.

Packers, on the other hand, don't usually bother too much with fore-checking. They prefer to let their fine blueline corps carry most of the defensive load. With Pat Coburn sidelined and Gatherum not up to par, the load was too great and the Vees had a field day.

Another big problem facing coach Hal Tarala is the Vees' tendency to be front-runners. With a lead they are a spirited, aggressive aggregation, but there is a marked difference in their play when they are playing with a two or three goal deficit.

It would probably be a wise move on Tarala's part if the club's practice sessions were spent on passing patterns and game situations. Scrimmage is a fine conditioner, but it won't teach young players to make the right plays.

That the Vees are not well organized is well demonstrated by the play of newcomers Don Slater and Johnny Utendale. Both have ability, and Slater is a real worker. Yet at the same time they both seem to be unsure of themselves on the ice.

Tarala was hampered by a lack of players at the beginning of the season. Now he has a complete squad and some good young hockey players to go with his veterans. Welding them into a spirited, scrappy team capable of producing good hockey will be a man-sized job.

It's your move, Hal.

Willie Finally Gets His Home

SAN FRANCISCO (AP) — Willie Mays, the San Francisco Giant's great Negro outfielder, has a home in an exclusive, all-white residential area here — but only after overcoming objections of some of his neighbors to be. "Man, I'm glad this is over," Willie said as he and his wife closed the deal for the \$37,500 home overlooking the Pacific in the western San Francisco hills. Earlier, pressure from certain neighbors, despite efforts of civic officials, made it appear that Mays and his wife, Marguerite, would be defeated again in their second attempt to buy a home here.

Walter A. Gnesdloff, the owner who finally sold, said: "I had several other offers, but Willie's was the first and I decided it should be 'first come, first served.'"

REJECTS COMMISSION — The broker who originally listed Gnesdloff's house for sale, Peter Morgan, turned back the brokerage contract to the owner, declaring: "You sold the house on your own and I had nothing to do with it. I couldn't take the commission."

It would have been \$1,100. Mayor George Christopher said he was relieved because "the reputation of San Francisco, always

renowned as a cosmopolitan city of brother understanding, was at stake."

When Gnesdloff originally turned down the Mays' offer because of heavy pressure, the couple was badly upset. Mrs. Mays explained it was their second such turn-down.

Willie took the dispute more calmly but lashed out at the "concealed prejudice in northern and western cities which profess to be relatively free of such things."

"It is worse than down South, where you know where you stand and there are signs to go by."

Worsley Sent To Minors

NEW YORK (AP) — New York Rangers of the National Hockey League Thursday sent goalie Lorne Gump Worsley to Providence Reds of the American Hockey League.

Defenceman Ivan Irwin, who had been called up for a single game, was also returned to Providence.

The sending of Worsley to Providence was the aftermath of an injury as a result of which the Rangers called up goalie Marcel Paille from Providence. Since then Paille has played in six games, losing only one.

For their Saturday game in Montreal, the Rangers will call up defenceman John Hanna from Trois-Rivières of the Quebec League, and for Sunday's game in New York with Montreal the Rangers will bring up defenceman Aldo Guldella from Providence.

Fullmer Has Nothing to Win

NEW YORK (AP) — Gene Fullmer has everything to lose and little to gain in tonight's middleweight match with Neal Rivera, a tough customer from Las Vegas.

The 10-rounder at Madison Square Garden will be the third start for Fullmer since he was knocked out by Sugar Ray Robinson in Chicago, May 1. Robinson's left hook ended Fullmer's short reign as middleweight champ. He had beaten Robinson in 15 rounds Jan. 2 for the title.

Friday, November 15, 1957 THE PENTICTON HERALD 7

Anderson, Rose In Upset Win

SYDNEY, Australia (AP) — Mal Anderson and Mervyn Rose complicated Australia's Davis Cup doubles picture today by beating Ashley Cooper and Neal Fraser, rated the country's top team, in the doubles championship of the New South Wales tourney, 6-4, 9-11, 6-2.

Cooper and Fraser, Wimbledon finalists and United States doubles champions, had been counted on as Australia's combination in the challenge round late next month, but Rose and Anderson may have changed the selectors' minds with their performance today.

Angela Mortimer of Britain advanced to the finals of the women's singles by defeating Australia's Mary Hawton, 10-8, 6-2. The English star meets the winner of the match between Lorraine Coghlan and Pat Parmenter Saturday.

Quebec Liberals

Plan Convention

QUEBEC (CP) - Georges Lapalme, Liberal party leader in Quebec province, announces a general convention of the provincial Liberal federation will be held in Quebec City next March 21-22.

Mr. Lapalme said purpose of the convention will be three-fold, to choose a leader, to draft a party program and to reorganize the party.

Asked if he would be a candidate to continue as leader, he replied, "I have nothing to say."

Mother Held

Responsible

In 3 Deaths

ST. HYACINTHE, Que. (CP) - A coroner's jury last night held Mrs. Julien Gorka criminally responsible for the deaths of her three young children, found bludgeoned Monday.

The 38-year-old farmer's wife is expected to be arraigned within the next few days, when a date for a preliminary examination is likely to be set.

Chief witness at the 15-minute coroner's session was Detective Sergeant Paul Gagne, who described finding the children's bodies in their beds.

The victims were Jean Paul, 5, Andre, 4, and Jules 1.

FINE FEATHERS

A Detroit-owned parrot has been returned to its owner after entering Canada illegally. Fine feathers won't get you past the boys in blue.

Send your order to MARIAN MARTIN, care of the Penticton Herald, Pattern Dept.

BOMB THROWER PLEADS INSANITY

Handcuffed to an Israeli police officer, Moshe Dook (left) is escorted into a Jerusalem court for a hearing on charges arising from his throwing a hand grenade in the Israeli parliament. The grenade wounded three cabinet ministers. Premier David Ben Gurion, Foreign Minister Golda Meir and Minister of Welfare and Religious Affairs Moshe Shapira. Police said the man is mentally deranged and will plead insanity.

Asked if he would be a candidate to continue as leader, he replied, "I have nothing to say."

CONTRACT BRIDGE

By B. Jay Becker

(Top Record Holder in Masters' Individual Championship Play)

QUIZ

That the science of bidding has not yet reached a state of uniformity is revealed each month when the Bridge World magazine publishes the results of its regular poll of the country's top experts.

Here, for example, is one question recently asked:
 You are South, both sides vulnerable. The bidding has been:

North East South West
 1 ♠ Pass 2 ♠ Pass
 2 ♠ Pass 3 ♠ Pass

What do you now bid with the following hand?

♠ Q5 ♥ J7 ♦ A37843 ♣ A98

The panel voted: 21 for two notrump; 18 for three clubs; 5 for two spades.

Here are a few comments by some of the panelists:

H. H. HARVEY: "A clear-cut two notrump bid."

L. HAZEN: "Three clubs seems to give greater mobility, but will accept two notrump or two spades." (Commented Al Morehead, who conducts the poll: "An amiable type, anyway.")

E. KAPLAN: "Two spades. I'm not enthusiastic about the prospects of a notrump contract unless partner can bid two notrump over two spades. However, I do have good values for a spade contract which I want to suggest."

L. MATHE: "Two notrump. An underbid, but I'm hoping my partner won't pass, and his next bid will fix my choice of contracts."

D. OAKIE: "With a degree of restraint, I merely say that any other answer than two notrump will not reflect credably upon the one who advocates it."

V. REMEY: "Three clubs. Two notrump is a strong second choice, but I feel I have the right cards to justify the one round force."

W. ROSEN: "Two spades. After going to the two-level, a preference does justice to this hand."

A. SITTEWOLD: "Two notrump. Where, or where, is the problem?" (Said Morehead: "We dunno. Have you seen your regular partner, Kaplan, lately?")

As can be seen from the above quotations, there is quite a diversity of opinion. Some of the views

expressed are downright ram-bunctious.
 This writer happened to be one of the minority who favored a three club bid. Our view was that a strong step towards reaching a game should be taken. Hence the three club bid which, being a new suit by responder, constitutes a forcing bid.

The two spade bid struck us as inadequate because it was not a forward-going bid. We thought two notrump, though stronger, did not show the full strength of the hand, and furthermore placed the declaration in the wrong hand.

The three club bid, it seemed to us, had the advantage of forcing partner to choose between a suit contract and notrump.

In any case, the reader can decide the issue for himself. You pay your money and you take your choice.

Financing of River Dam to Be Considered

OTTAWA (CP) — Federal and Saskatchewan representatives will meet here after the Nov. 25-26 Dominion-provincial fiscal conference to discuss financing of the South Saskatchewan River dam.

Prime Minister Diefenbaker today informed the Commons. The prime minister, in reply to a question by CCF Leader Coldwell, indicated that Saskatchewan would receive a long-term federal loan to help finance the power and irrigation project if it can make out a case for such assistance.

Force Short of Traffic Officers

VANCOUVER (CP) — W. A. Winder, vice-president of the Vancouver Traffic and Safety Council, says the Vancouver police force does not have enough traffic officers.

Tomorrow: Planning the play is the first step.

Four Horoscope

THE STARS SAY — By ESTRELLITA

FOR TOMORROW

Using forethought and intelligence now, you should be able to handle almost any job well. However, in most instances, you will accomplish more by working "on your own," since the stars do not promise much co-operation from others.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates that this new year in your life can be highly productive if you are energetic, conscientious and willing to work hard for the success that can be yours. Long-range financial plans will work out favorably if you keep well-informed and follow a conservative policy. Those in the creative and scientific fields will be under especially fine aspects during the first six months of 1958; but all can gain during that period. Travel and social matters will be under stimulating influences between

May and September, but avoid nervous tension late in October. A child born on this day will be endowed with great persistence and determination.

HENRY

UNDISTURBED BY PROPAGANDA

King Hussein of Jordan (right), chats with U.S. Secretary of Agriculture Ezra Taft Benson during the latter's informal call at the royal palace in Amman. Egypt's government-controlled radio and newspapers have begun a violent propaganda campaign aimed at the destruction of King Hussein. They seek openly to incite Jordanians and Palestine refugees to assassinate the young pro-Western king and his family and bring the pro-Nasser Nationalists back to power in Jordan. Benson found the young monarch undisturbed.

Thermal Plant Said Essential

VANCOUVER (CP)—B.C. Electric Company officials have declared it is "absolutely essential" the company proceed with its plans to build the world's biggest thermal generating plant near Vancouver.

In evidence before the British Columbia Public Utilities Commission, they said the B.C. lower mainland must have a plant to produce electric power from natural gas before 1961.

Tom Ingledow, executive engineer of the company, appeared before the commission to support B.C.E.'s application for a certificate to construct a \$100,000,000 thermal electric generating plant at Iona, on the north arm of Burrard Inlet.

The project would be built in six stages and completed after 1965, providing a maximum installed capacity of 945,000 kilowatts—about 1½ times as great

PROMENADE

Summerland Place To Go Saturday

By D. G.

All those wishing to go square dancing this Saturday, Nov. 16, should go to the Youth Centre at Summerland, where the "Pairs and Squares" are having a local emcee evening. Callers please bring your records. A sack lunch and coffee will be served.

About eight squares danced to the calling of Les Boyer in the Penticton High School cafeteria last Saturday, and as usual everybody had a "whale of a time."

On Thursday, Nov. 21, the Peach City Promenaders are having an informal round dance party at the K. P. Hall. Economy will be the keynote here as we are not having a paid emcee. Please bring a sack lunch, and coffee will be served. Come on down and let's have fun.

The Promenaders are making plans now for the annual Christmas party, which will be held on Dec. 14. So, all you square dancers keep that date open. Ivan Hall will be emcee — nuff said!

Allies Could Have Curbed Far East War

LONDON (Reuters)—Concerted allied action could have curbed and prevented the Far East war, an official British history said last night.

It said that Japan's lightning attack and conquest of British-held territory in southeast Asia was as much of a surprise to London as the Pearl Harbor attack was to Washington.

The first volume of Britain's part in the Far East phase of the war was written by five British army, navy and RAF officers.

It said "many tragic blunders" led to Japan's conquest, starting with the invasion of Manchuria in 1931 and the full-scale invasion of China six years later.

WORDS OF THE WISE

LIBERAL SENATOR CLAIMS GOV'T

Seeks Snap Election Before Cutting Taxes

OTTAWA (CP)—A prominent West Coast Liberal accused the Progressive Conservatives of seeking an opportunity for a snap election before carrying out promises to cut taxes.

Senator J. W. de B. Farris of British Columbia said in the Senate that Prime Minister Diefenbaker's government was elected on its promises to increase social security expenditures and to ease the tax burden.

However, he said, recent remarks by Senator John Haig, government leader in the Senate, and Solicitor-General Leon Balcer indicated the Conservatives wanted an election before they

were in a position to reduce taxation.

SEEK EXCUSE

"They were seeking an excuse to go to the country while they were spending the money and before they had approved how they were going to get it after they did spend it," Senator Farris said.

The Vancouver lawyer said Mr. Balcer stated in Toronto Nov. 5 that the Conservative Party needed 40 more seats in the Commons and was "fighting an election campaign right now."

Mr. Balcer had indicated that a major effort would be made in Quebec. Wednesday the speech from the throne at the opening

of the Quebec legislature demanded more money for the Province of Quebec.

"Do you think that the Conservatives can get their 40 seats in Quebec unless they play ball with Premier Maurice Duplessis?" Senator Farris asked. "My guess is that the two are synchronizing."

WORDS OF THE WISE

Nothing more is needed to make a man unhappy than to believe he is.

Company To Meet Demand For Newsprint

VANCOUVER (CP)—A spokesman for Powell River Co. announces the firm is making arrangements to purchase newsprint supplies from companies outside British Columbia if needed to meet publishers' demands in the period of the B.C. pulp-paper workers' strike.

Powell River is the largest of seven West Coast concerns whose pulp and paper operations came to a halt yesterday when 6,000 workers walked out over wage demands. It manufactures five percent of the world's newsprint and as much as the other six firms combined.

The spokesman said Powell River has been operating at about 90 percent of its 500,000-ton a year capacity.

Sylas or Chinese linen. Make a lovely "extra gift"

\$1.

Wants Gov't To Charge for Campsite Use

VANCOUVER (CP)—The Auto Courts and Resorts Association of B.C. wants the provincial government to charge campers using public forestry campsites.

At its annual convention here the association decided to ask the government to operate the camps on a "self-sustaining basis." Most campers, said the convention, spend more money on camping equipment than if they went to motels in the first place.

ACRA will again ask the government to ensure that vehicles on B.C. highways, especially diesel, be equipped with proper mufflers.
